MARIBEL
JEANNY

.....

Marbel Jeanry Madondo [MJ] is a Gospel & Love Song Singer, Songwriter & Performer, Executive Producer & Presenter of "Heartbeat" TV, and Founding President of TV Vocal Institute. She has a heart for the Girl Child and has been engaged in career guidance and grooming of young ladies over the past few years.

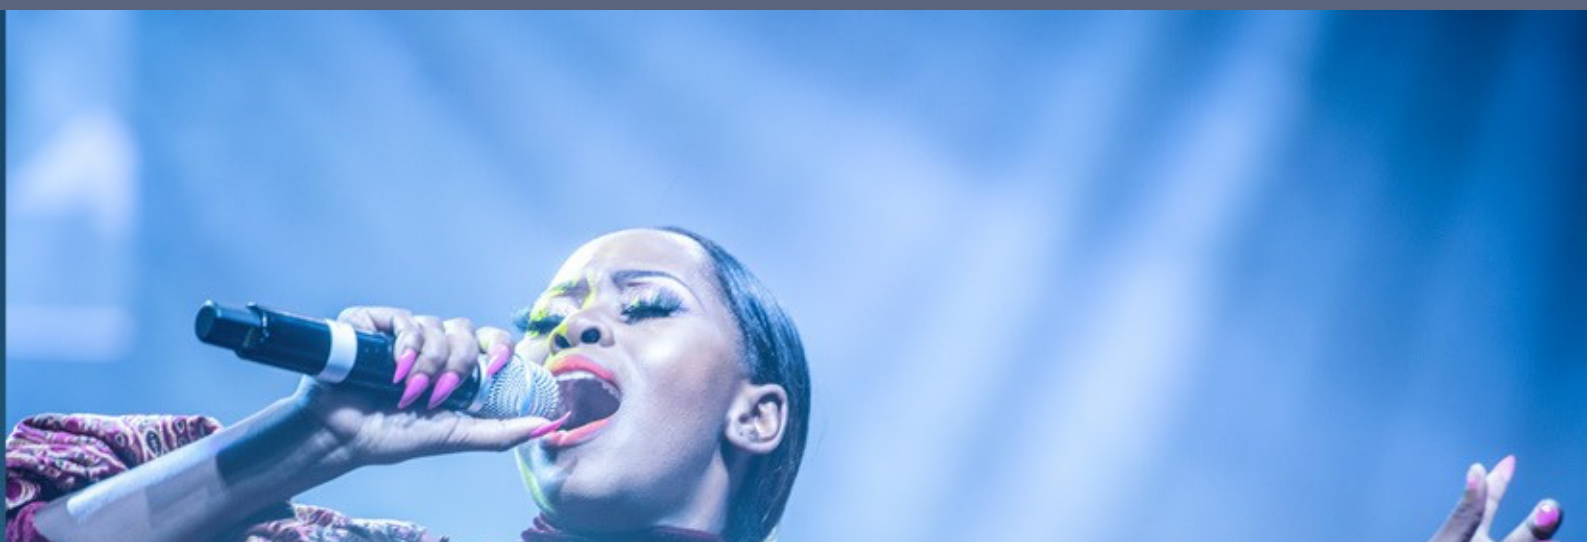

Born in a musical, bible-believing, church-going family, Marbel started singing at a very tender age as her parents played guitar and let them sing to their hearts' content, even on the dinner table. She grew up attending church at ZAOGA Braeside Christian Centre and had a wonderful opportunity of being part of the church choir at the age of nine.

Marbel recorded her first solo album titled "Faithful & Just" in 2010-2012, which did incredibly well, playing on all the radio stations to date. She then joined Zimpraise from 2012-2013 and performed her rendition of the late Jackie's Hit Songs. While she was a part of Zimpraise, Marbel had an opportunity to share the stage with Prophetess Juanita Bynum [USA].

Marbel left Zimpraise to follow her dream of grooming young worship leaders and started her own group called "Thousand Voices". The group had 300 members at its climax, and worship leaders of note were birthed in this group. Marbel turned the group into a music institution, the "TV Vocal Institution", where she trains individuals, praise & worship groups, choirs, musical groups nationally & regionally.

Marbel has released an album titled "Many Shades Of MJ" and several videos, including "Seasons", "Akasika Munhu", and "Don't Count Me In" in 2019. She has collaborated with other artists such as Sabastian Magacha, Trevor Dongo, Soul Africa, Prophecy, and Emelda Tshuma.

In November 2020, Marbel released "The 1st Stand", a self-encouragement album written & designed as conversations between one & God, recorded at 99 Parklane Harare in Zimbabwe. Vocal Arrangements by Emelda Tshuma, Produced and arranged by Manuchie, Mixed & Mastered by Mark Montgonery SA. In December 2021, she released "Akatendeka" off the live album "The 1st Stand", which speaks of God's faithfulness and that He will never change or leave us. Marbel is also engaged in charity work and runs "Givers Never Lack" as a co-founding President of the Foundation.
